

Vote NO on Senate FILE 140

There is legislation working its way through the US Senate. S.140 Known as the White Mountain Apache Tribe Water Rights Quantification Act of 2010.

"This legislation would deny protections under the National Labor Relations Act to those employed by tribal owned and operated enterprises such as mining operations, power plants, saw mills, construction companies, ski resorts, high-tech firms, casinos, hotels and spas. Thousands of IBEW members working on tribal lands across the country would be impacted."

Legislative and Political Director Andy Snope has had some contact with the IBEW political department and the intel they are giving him is that our 2 MN Senators; Klobuchar and Smith need to hear from IBEW members in their opposition to this bill.

We are asking members to contact, preferably call, the Klobuchar and Smith Senate offices asking the Senators to vote NO on [Senate file 140](#)?
