

Regarding the attack at the Manassas, VA JATC Training Center

On February 13th, an apprentice at a LU26 training center wounded an apprentice, fatally stabbed another apprentice, and then was fatally wounded by responding law enforcement outside the building. Michael Baca is still in critical condition and has a long road of recovery ahead. Elijah Safadi was expecting a daughter with his fiance this summer. Please take a moment to keep these two in mind as it could have been any of us. Below is the LU26 website with more information, as well as the gofundme for each of the victims of this horrific attack. At some point in the near future a card will be going around as well to be sent to the families. The gofundme pages show donations and not surprisingly there are brothers and sisters from all over the country showing their support of these families. I hope you are able to as well.
